Record of Decision made in respect of the Mayor's Police and Crime Commissioner functions

Title/Subject: CSP/Serious Violence Duty Consultancy Support
Serial No: MPCC0034
Summary: During early 2019 the Government undertook consultation on a proposal Public Health Duty for tackling serious violence, with the subsequent response published during July of the same year. As part of the Police, Crime, Sentencing and Courts Bill that is currently progressing through the House of Lords, this duty will introduce a requirement for local partnerships to establish their local problem profile and produce a local strategy specifically aimed at preventing and reducing serious violence. In preparation of the duty, this decision seeks to procure additional capacity and capability through consultancy services, to support local partners to meet these requirements alongside the Mayor, VRU and Policing and Crime Team.
Requested Decision: That the Mayor approves funding of up to £10,000 for the Violence Reduction Unit to procure consultancy services to undertake the development of the West Yorkshire approach and support Community Safety Partnerships to determine their local plans in order to deliver against the new Serious Violence Duty as part of the imminent Police, Crime, Sentencing and Courts Bill.
